

Per- and polyfluoroalkyl substances (PFAS)

Company Name: Adam Tech
Address: 909 Rahway Ave, Union, NJ 07083

Date: 1/27/2025

Adam Tech fully supports and hereby certifies complete conformance to the requirements of any of the non-polymeric per- and polyfluoroalkyl substances (PFAS).

Adam Tech does not produce any products or come into contact with PFAS-related substances or purchased from our raw material supply chains.

Adam Tech P/N's apply and conform to all PFAS restrictions.

This is to confirm that no PFAS listed in the Canada Gazette Notice* are used in the manufacture of the below listed products and that the below listed products do not contain PFAS listed in the Canada Gazette Notice.

This is to confirm that PFAS listed in the Canada Gazette Notice are being used in the manufacture of the below listed products and/or that the below listed products contain PFAS listed in the Canada Gazette Notice.

Please fill the table below with all PFAS used in the manufacture and/or contained in the products listed below. Please add a line for each PFAS and for each applicable scenario from the 'where used' column. When selecting 'processing aid ending up in product', please add the residual concentration of the PFAS from the processing aid in the product.

Sincerely,

A handwritten signature in blue ink that reads "Scott Sokoli".

Scott Sokoli

Compliance Manager
