WE1010 Soldering Station **Black Edition**

Item No.: T0053298392

Precision, durability, and comfort come together in the Weller WE1010 Black Edition. Ideal for repairs, prototyping, and everyday soldering, it delivers trusted professional results. Now in a bold limited edition black finish with the same reliable performance.

- **High Power for Faster Work:** 85W power station with 70W soldering iron for quicker work.
- **User-Friendly Digital Interface:** Easy-to-read LCD and push buttons for precise temperature settings.
- **Temperature Stability:** ±4 °F / ±2 °C accuracy exceeds MIL specs for reliable soldering.
- **Energy-Saving Standby:** Auto cool-down when idle to save energy and extend tip life.
- **Tool-Free Tip Change:** Quick, safe tip swaps withouttools reduce downtime.
- **Password-Protected** to preserve settings

Technical data

Power	85 W
Voltage	230V
Temperature Range	100 - 450 °C 200 - 850 °F
Temperature Accuracy	5 °C / 9 °F
ESD	Yes
Tip Type	ET

ZeroSmog Shield Advanced Air Filtration **Black Edition**

Item No.: FT91019190

Breathe clean air at your workbench with the Weller ZeroSmog Shield. This powerful filtration unit keeps your workspace fresh and safe, featuring a compact design that stacks neatly with your soldering station to save space. Now available in a bold limited edition black finish, offering the same trusted performance with a stylish new look.

- **Advanced Air Filtration:** Efficient EPA E10 particle and gas filtration for clean air in the workplace.
- **Low Noise Operation:** Maintains a calm atmosphere with only 50 dB noise level (59 dB at full speed).
- **Compact & Stackable:** Space-saving design stacks with most soldering stations.
- **Smart Monitoring:** Integrated filter condition checks for consistent performance.
- **Easy to Use & Maintain:** Quick-change filters and intuitive operation make daily use hassle-free.
- **Optimal Illumination:** Bright work light clearly defines the best extraction areaoperation make daily use hassle-free.

Technical data

Power	20 W
Voltage	100V - 240V
Noise Level *(distance 1m0 dB(A)*	50 dB(A)
ESD	Yes
